Teaching Career Act of Puerto Rico, 1999

House Bill No. 2536 (Conference) Act 158, 1999

Act No. 158 of June 30, 1999

Establishing the “Teaching Career Act”; addressing the teaching staff ranking system; establishing procedures for promotions and salary reviews; and providing for the Individual Plan for Professional Development and continuing education programs.

STATEMENT OF REASONS

The school is the educational place for the development of the teaching-learning process *par excellence*. To educate is to guide the learner to life. Achieving academic excellence is the goal of every educational system. When reflected in the school, this effectiveness is indicative of the system in place for the student to reach the objectives of each level and master the necessary knowledge for the next level of teaching.

Excellence is reflected in the educational system’s ability to enable each student to exceed the objectives of their level demonstrating independent learning beyond the assigned curriculum. The challenge of educational excellence is to turn the schooling environment into an increasingly effective school.

The school’s ability to be effective largely depends on the human resources at its disposal.

It is very important to raise the level of excellence of the work carried out by teachers and other educational personnel, as well as to ensure the flexibility, responsibility, and autonomy of the management.

The teacher plays an essential role in the educational system, and in society as an agent of constructive change. He/she provides that the autonomy of the school is the necessary means for the efficiency of the system. That is why the professional development of teachers, and their teaching careers, are critical and significant components of the government’s effort to improve the educational quality, and the achievements of its students.

This guarantees a better quality of life. The way in which professional development is integrated into productivity is very important, as is the positive effect that teaching has on student learning.

Our society requires the pursuit of excellence in education. To this end, the need to improve the quality of teaching is singled out, with more motivated and better prepared teachers, as the most important criterion for improving education.

This Act conceives the teaching profession as based on the dynamics of knowledge, and places the teacher within a school with autonomy, where teachers are recognized as having the capacity to participate in decision-making processes, and to decide on matters that concern them as professionals.

This Act emphasizes the need to continually renew teachers' knowledge, to hone their skills through study and teaching practice, and above all, to keep the best teachers in the classroom.

The Constitution of Puerto Rico guarantees the right of every person to an education that encourages the full development of their personality and strengthens respect for the fundamental human rights and freedoms. Achieving this purpose requires well-trained teachers and, above all, teachers committed to their profession, and to the intellectual and emotional development of their students.

Promotions in rank constitute recognition of the consistent effort of the members of the Teaching Career who comply with their Professional Development Plan. IN RE: TEACHING CAREER**

VS.

**MARÍA A. CLEMENTE ROSA
(PETITIONER)**

Subject matter of Complaint, among others: Violation of my constitutional rights to equal protection under the law and equal pay for equal work.

Subject: I am very respectfully addressing the Honorable CIVIL SERVICE APPEAL COMMITTEE, AND YOUR HONOR, Judge Representative, Ms. Ruth Vásquez Juan, to request that CASE NO. AQ-14-0730 be declared: A CLASS ACTION LAWSUIT. Seeing as the Plaintiff has complied with all the requirements and projects required by the Teaching Career Act to compete for promotion to the rank of “Teacher”, and likewise complies with the two requirements presented or requested by the “Option 45 Credits” document. Nevertheless, the Department of Education and the Secretary of Education, Hon. Rafael Roman and others have acted in an arbitrary, capricious, and unreasonable manner, discriminating and excluding the Plaintiff from exercising her right to the benefits granted to the Teaching Profession by the Teaching Career Law. Therefore, Hon. Judge Ruth Vásquez Juan, I request that Article 1.03 – “Teaching Career Members”, and Article 3.05 – “The Rank of Teacher”, which they have refused to recognize, be declared unconstitutional. Therefore, this action is a lawsuit for damages towards the Maria A. Clemente Rosa (the Plaintiff), as an individual, certified teacher of Industrial Arts (Technology Education).

Our legal basis for the petition is in the case: CC-2006-746 172 DPR__2007 DTS 227 MATIAS LEBRON VS. DEPARTMENT OF EDUCATION 2007 SPR 227.

“In Re: Unconstitutionality of Law; Declaratory Judgment; Class Action Lawsuit, Rule 20.1 of Civil Procedure, for the certification of a class action lawsuit. A class action certification is appropriate in order to adjudicate, exclusively, the dispute related to the retroactivity of the benefits under the Teaching Career Act. However, the class action will only include Social Workers and School Counselors who are currently members of the Professional Career, because they submitted their application and professional development plans under the aforementioned Law, and these were duly approved by the Secretary of Education.”¹

In light of such situation of apparent discrimination, of which I have been a victim, and which was committed by the Department of Education, the Hon. Secretary of Education, Mr. Rafael Roman, and others, I come before you, asking for aid, and in search of a remedy, Honorable CIVIL SERVICE APPEAL COMMITTEE, AND YOUR HONOR, Judge Representative, Ms. Ruth Vásquez Juan, to be compensated for the damages and losses caused by the Respondents, for which I respectfully request compensation in the amount of \$200,000.00; and that my participation in the professional teaching career be recognized in its entirety under the Teaching Career Law; that the money be awarded to me at 40% of the salary of the Teacher Instructor, since the first phase of the Plan has been filed (retroactively) on February 15, 2013; that my Development Plan be accepted; that the documents that I have also submitted under “Option 45 Credits” be accepted; that the project of 100 hours be paid to me; that the Continuing Education courses be validated for the credits according to Act 158 of the Teaching Career.

RESPECTFULLY SIGNED,

Sincerely,

Mr. Cesar Rey Hernández
Secretary of Education
Department of Education

*I, Ms. Maria A. Clemente Rosa, Industrial Arts Teacher at the Sabana Llana Community Middle School, very respectfully address you to obtain your authorization to carry out my doctoral studies in the field of Administration and Supervision, aspiring to the rank of **Teacher**. My request is due to the fact that the universities of Puerto Rico do not offer a PhD program in Curriculum and Teaching in the field of Industrial or Vocational Arts, nor do they offer Master's degrees in the aforementioned areas. For this reason, I had to obtain a Master's degree in Administration and Supervision, and therefore, I request the opportunity to complete my doctoral studies in that same area.*

I currently have all the prerequisites to start my doctoral studies in the field of Administration and Supervision. However, for a PhD in Curriculum and Teaching, I would have to earn another 18 credits at the graduate level, as a prerequisite, in the field of Industrial Arts, and in Puerto Rico, these 18 graduate study program credits are not offered in any other teaching area, and such requirement entails obtaining another Master's degree in Curriculum and Teaching. The foregoing is not fair or reasonable to me, and, in addition I do not have the financial resources to pay for another Master's degree.

*According to Act No. 158 of June 18, 1999, known as the Teaching Career Act, it has been recognized and accepted that teachers of Industrial Arts who had a Master's degree in Administration and Supervision, or any other Master's degree, and thirteen (13) years of service, obtain the rank of **Associate Teacher**. This because in Puerto Rico no Master's degrees or Doctoral degrees are offered in the field of Industrial Arts.*

Mr. Hernandez, faced with this situation that arises from having a Bachelor's Degree in Industrial Arts and a Master's Degree in Administration and Supervision (which gives me the prerequisites to enroll in a PhD program in that field), I am addressing you to request that you evaluate my case, and I can be granted authorization to carry out my doctoral studies in the field of Administration and Supervision in August 2001. Enclosed is a copy of the curriculum of the PhD program in the field of Curriculum and Teaching. I look forward to your cooperation, as usual, and I remain at your disposal.

Sincerely,

OFFICIAL GRADE REPORT

These grades will be permanently recorded in your academic record. It is the student's responsibility to know the academic regulations regarding grades, indices, suspensions, academic probations, repetition of courses, stages, etc. contained in the official catalog of the Campus.

Due to space limitations, we will only point out the most pressing warnings: (a) The "Provisional Grade" annotation will automatically become final, if a final grade is not received from the professor in the course of the next semester. The student will have to communicate with the professor for the relevant arrangements. Under no circumstances should the student re-enroll in course (b). An asterisk (*) annotation means that your professor did not deliver the official class list on time. These grades will be reported in a supplemental report in the sixth week after the start of classes in the following semester. If the student urgently needs to know his/her grade before that date, he/she should contact the professor (c). For officially registered courses that are not filed in in this report, the student must submit a claim at the Registration Office in the second week after the start of the following semester.

CASE No. AQ-14-0730

RE: "OPTION 45 CREDITS OFFICIAL DOCUMENT"

DOCUMENT THAT MISLEADS THE EDUCATION DEPARTMENT, THROUGH AN
ERROR IN THE WORDING, WHICH AFFECTS THE REASON FOR JUDGMENT.

The 'Option 45 Credits' document is an official document of the Teaching Career Office, which was provided to me by Dr. Milagros Rohena Rivera, former director of the Teaching Career Office, and who urged me to use it and participate in said process, because I met the requirements. The 'Option 45 Credits' document, this document offers two alternatives to participate in the Teaching Career for teachers who have a PhD in areas other than their specialty, and whose specialty is not offered as an educational option in Puerto Rico. This document, which at the beginning denotes an opportunity for the teacher, lacks transparency in [TN: sic. – error in original].

However, the same document lacks transparency in its purpose, because it contains some irregularities in its drafting. Providing this type of document with this information contributes directly to blurring the transparency and trust in the Teaching Career processes, which the teachers who participate in said Teaching Career processes, seek in that branch of the Government of Puerto Rico, represented by the Department of Education. Due to such an error, I respectfully request recognition at the Rank of Teacher, under the Teaching Career Act and that I be granted wage compensation from the moment I qualified for participation in the Teaching Career. See Official Case Number AQ14-0730.

Teaching Career Office

I, María A. Clemente Rosa, a Teacher, very respectfully address you to seek your cooperation in the recognition of the Option 45 Evaluation Request, since I have requested it on several occasions, and 18 general credits have been evaluated, and 6 university credits were still required of me. I have completed the credits through hours included in the Participation Hours Program related to continuing education programs, to be replaced with academic credits in courses related to the discipline of Technology Education. This was all done in accordance with the Act and Article 3.06 - Substitution of Continuous Education Hours with Academic Credits, according to the Puerto Rico Teaching Career Act of 1999 (Act 158, 1999). I am enclosing a copy of the eleven (11) certificates for a total of 84 contact hours during the 2015-2016 academic year, equivalent to the 6 credits required.

I look forward to your cooperation, as usual. I remain at your disposal.

Sincerely,

In Re:

TREATMENT AND DISABILITY
(ORGANIC CONDITION)

RESOLUTION

A public hearing was held on this matter on January 28, 2020. The Appealing Party appeared, represented by Mignón Picó Valls, Esq. standing in for LUIS VIDAL ARBONA, ESQ. The Administrator of the State Insurance Fund Corporation was represented by Virgen Pérez Vargas, Esq. along with medical expert, Dr. José Zayas León. Our medical advisor, Roselynn Martinez Olivieri, Internal Medicine Specialist, was also present.

Attorney Picó Valls pointed out that the case is being considered on the grounds of treatment and disability, and causal relationship. This arises from the medical visit on October 27, 2019. Dr. Martinez Olivieri's recommendation was determined during the medical visit.

The parties reserved the questions on the result of the medical examination.

Dr. Martinez Olivieri reported that she evaluated the injured party on March 29, 2019 with regard to treatment or greater disability due to an episode of bronchospasm. As to post-event findings, the lung function test performed in her office showed the FEV1 at 39%. As to medications and physical examination, the injured party must be attributed five percent (5%) disability. Said disability was determined during a medical visit, and reiterated in the report of the same.

The parties had no questions for Dr. Martinez Olivieri.

Attorney Pérez Vargas indicated that the injured party has six (6) previous cases; she does not know if the condition is involved in any of them, so she does not know if it is an academic profession-related condition.

Attorney Picó Valls indicated that, if the Insurer finds something that is not correct, they be notified.

Dr. Zayas León concurred with the medical report.

The Commissioner stated that she would ratify the medical examination, where the injured party was attributed a five percent (5%) disability.

To the questions from the Commissioner, Attorney Picó Valls answered that they clarified uncertainties existing as to the case, and it was understood on which grounds the jurisdiction in this case arises.

There was nothing more to add, so the case was submitted for ruling.

IN VIEW OF THE FOREGOING, the Industrial Commission **RESOLVES TO:**

GRANT to the Appealing Party a permanent partial five percent (5%) disability of the general physiological functions, due to the condition of an episode of bronchospasm.

[ORDER the Insurer to make the payment of this compensation effective, according to Act No. 45 of April 18, 1935, as amended, known as the Compensation System for Work-Related Accidents Act, 11 L.P.R.A. § 1 et seq.]

MARIA A. CLEMENTE ROSA

CFSE: 15-15-30917-0

SET attorney's fees for Atty. Luis Vidal Arbona, equivalent to fifteen percent (15%) of any compensation (including per diem allowances), obtained in this case as a result of this appeal.

GRANT to the Administrator of the State Insurance Fund Corporation, a term of sixty (60) days, counted from the Notice of this Resolution, to pay the fees set forth herein as provided by Act No. 45 of April 18, 1935, as amended, known as the Compensation System for Work-Related Accidents Act, 11 L.P.R.A. § 1 et seq.

ORDERED TO BE FILED AND SERVED: To the Plaintiff at her address at ASTRALIS COND. 9546, CALLE DIAZ WAY, APT. 311, CAROLINA PR 00979-1464; to. LUIS VIDAL ARBONA, ESQ., at his address at P.O.
